**AMENDMENT AFTER FINAL**

Commissioner for Patents  
Alexandria VA 22313-1450

Dear Sir:

Responsive to the Final Official Action mailed November 15, 2004, please amend the above identified application as follows:

PATENT  
450100-04705

In the specification, page 6, first paragraph, line 3.

Now a lens block 5 which is a specific portion according to the present invention is arranged at the upper portion of the camera-body 1. The lens block 5 is equipped with a front side lens 6, which is an optical object lens for taking a picture, (hereinafter referred as a lens surface 6) at the front surface side. Further, a strobe 7 is provided neighboring the upper portion of this lens surface 6 and a pair of left and right sound-collecting microphones 8 are provided neighboring the lower portion of this lens surface 6.
